THE FINE PRINT – PLEASE READ

Suitable for junior players and novices. Play will be conducted in a semiopen environment – a pavilion with a roof but no walls. Please check weather forecast and bring suitable clothes. The OITOO (Out in the Open Open) series of tournaments was commenced in response to the COVID-19 pandemic to provide an alternative to playing in enclosed rooms. The organisers have taken a position that we will take the health warnings and advice seriously and implement the measures recommended so that players can feel as safe as possible. This involves everyone being on the same page and being willing to adopt the recommended measures which may involve the wearing of masks while playing and other hygiene measures. We ask that if you do not adhere to this philosophy and are not willing to follow the recommendation, please do not register. If you have pre-paid but then discover you cannot attend due to any COVID-19 concerns or health orders, a full refund will be offered

* Subject to any other restrictions imposed by the Government
